Each question has the possibility of two points:

- One point will be awarded for each complete title exactly as it appears on the official booklist (punctuation, spelling, and capitalization excluded). Answers with **any** deletions will **not** earn a point. The only exception will be if a title begins with the word "A" or "The" the scorers will count it correct whether or not the word "A" or "The" is included. Judges will ignore additions.
- Another point will be awarded for each correct author exactly as it appears on the official booklist (punctuation, spelling, and capitalization excluded). A team cannot earn a point for the author's name unless the title has been stated correctly. Author's names with **any** deletions will **not** earn a point. Judges will ignore additions.
